Billing and khata made for agri-input shops

Fast bills, a farmer khata that always matches, and stock with batch and expiry, on your phone, tablet or shop PC.

Works without internet. Bills in the language your farmer reads.

Everything your counter needs

Bills in seconds

Search or scan a product. Cash, UPI, credit or part payment. GST worked out for you.

Farmer khata

See who owes and how much. Collect payments, add cheques, send a WhatsApp reminder.

Batch and expiry

Every batch tracked, with expiry and low-stock alerts. Add stock from a ready catalog of 360+ products.

GST ready

GST, non-GST or composition bills. GST summary and a GSTR-1 file for your accountant.

Print or share

Thermal or A4 printer, or WhatsApp. Bills in 12 Indian languages.

Works offline

Everything is saved on the phone and syncs when the internet is back.

Staff and Staff Mode

Helpers sign in with their own number. Purchase rates, profit and settings stay hidden.

Licence registers

Stock register and licence returns, ready when the inspector asks.
